Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

Nationwide Children's Hospital requires individuals in a position to control content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest. The intent of this policy is to ensure accredited activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. All relevant conflicts will be mitigated prior to participation in the activity. In addition, all faculty were instructed to provide balanced, scientifically rigorous, and evidence-based presentations.
