*When your child needs a hospital, everything matters.*

## **2023 Neonatal/Fetal Conference: From the Womb and Beyond**

**May 17 - Neonatal Main Conference**  
**May 18 - Neonatal and Fetal Main Conference**  
**May 19 - Neonatal Pharmacology Post Conference  
and Fetal Main Conference**

Presented In Person and Virtually From  
Nationwide Children's Hospital Conference Center

---

2023 Neonatal/Fetal Conference: From the Womb and Beyond will highlight concepts of continuous quality improvement and safety in fetal and neonatal practice. The rapidly expanding evidence in both specialty areas poses challenges for the health care professional to remain current and to recognize opportunities for change in thought and practice. The goal of the conference is to offer science, methodology, practice initiatives and discussion points for the participant to explore.

This conference is designed for practitioners, clinicians, and students in the fields of neonatology, pediatrics, obstetrics, genetic counseling, maternal fetal medicine, fetal surgery, pediatric surgery, cardiology and sonography.

You are invited to participate in this learning endeavor, share your thoughts and broaden your ability to support babies, parents and families in the health care setting.

Sincerely,

*The Conference Planning Committee*
