

World Kidney Day

Past to Future: Treating Kidney Disease Through the Decades

March 13, 2025

**NATIONWIDE
CHILDREN'S®**

When your child needs a hospital, everything matters.

World Kidney Day

At Nationwide Children's Hospital

Program Description

World Kidney Day is a global campaign that aims to raise awareness of the importance of our kidneys and our overall health. At Nationwide Children's Hospital we want to take this day to celebrate our kidney patients and their families while we highlight kidney disease through the decades.

Please join us as we navigate the changes and progress made to kidney disease treatments through the years. Each interactive station will have a different activity guaranteed to entertain, educate and especially celebrate our kidney patients and their families. We will have music, art, games, cookie decorating and MORE!
