Special Thank You

Dale and Judy Onderak and Family

Nationwide Children’s Hospital Foundation and the Endocrinology Department would like to express their heartfelt gratitude to Dale and Judy Onderak for their extremely generous donation to the hospital. Designated for education, this wonderful gift has been made in honor of their granddaughter, Sophie, who has type 1 diabetes.

In 2007, Dale and Judy started the DJ Family Foundation to promote children’s health and welfare. This cause became even more personal, as two of their grandchildren have had chronic health issues since the foundation’s inception. While Dale passed away in 2022, his legacy continues through the work of the DJ Family Foundation. The family feels fortunate that their foundation is able to provide continued support for pediatric diabetes programs.
