Adoption Academy

Program Description

The Adoption Academy offers prospective adoptive parents educational programs from an objective source. Our goal is to bring information together in a comprehensive and sensitive manner to help prospective parents make informed adoption choices. The Academy is an eight-week series.

We recommend participants attend all classes for the most complete information about adoption. However, registrants can skip sessions they are not interested in. Taking this class may not satisfy the detailed educational requirements of county children's service agencies for adoptions they process or Hague requirements.
