

2022 Neonatal/Perinatal Conference

Improving Safety and Quality of Neonatal and Perinatal Care:
Current Concepts and Challenges

May 17-19, 2022

**NATIONWIDE
CHILDREN'S®**

When your child needs a hospital, everything matters.

2022 Neonatal/Perinatal Conference

May 17, 2022 — Neonatal Skin Symposium
Presented Virtually from Nationwide Children's Hospital
Conference Center

May 18-19, 2022 — Main Conference
Presented Virtually from Nationwide Children's Hospital
Conference Center

The 2022 Neonatal Conference will highlight concepts of continuous quality improvement and safety in perinatal and neonatal practice. The rapidly expanding evidence in both specialty areas poses challenges for the healthcare professional to remain current and to recognize opportunities for change in thought and practice. The goal of the conference is to offer science, methodology, practice initiatives and discussion points for the participant to explore.

You are invited to participate in this learning endeavor, share your thoughts and broaden your ability to support babies, parents and families in the healthcare setting.

Sincerely,

The Neonatal/Perinatal Conference Planning Committee
