Presented From:

Nationwide Children’s Hospital
700 Children’s Drive
Columbus, OH 432056

Description: The 2nd Annual IMPAACT Summit at Nationwide Children’s Hospital will be a two-day regional and national event with multiple visiting professionals as well as our own Clinical Therapy experts from Nationwide Children’s Hospital. The focus of our summit this year is on *Impacting Interventions for Best Outcomes* in Augmentative and Alternative Communication. This event is appropriate for Speech Language Pathologists, Occupational Therapists, Special Education Teachers, and other pediatric care providers. We look forward to having you join us for this exciting educational event!

Learning Objectives:

- 1) Participants will list at least one strategy for vocabulary selection for children who use AAC
- 2) Participants will state at least one treatment technique to promote AAC use in children with complex communication needs.
- 3) Participants will explain at least one technique to support communication partners of children who use AAC.
- 4) Participants will list at least one treatment strategy for early symbolic communicators.

Time Ordered Agenda:

* These sessions will be conducted in person and live streamed one time for virtual participants.
