Date: September 28-29, 2023.

Time: 9/28/23 7:30am-5:00pm, 9/29/23 7:30am-4:45pm

Place: 1 day virtual or 2 day in person

Presented From:

Nationwide Children's Hospital
700 Children's Drive
Columbus, OH 432056

Description: The 3rd Annual IMPAACT Summit at Nationwide Children's Hospital will be a two-day regional and national event with multiple visiting professionals as well as our own Clinical Therapy experts from Nationwide Children's Hospital. The focus of our summit this year is providing solutions for complex access needs in Augmentative and Alternative Communication. Join us for a 2 day in-person event including a day of hands-on learning labs where you will be able to interact with AAC devices from four different companies and develop skills in eye gaze, switch scanning, and environmental controls. A one-day live virtual option will be available for September 28th. This event is appropriate for Speech Language Pathologists, Occupational Therapists, Special Education Teachers, and other pediatric care providers.

Learning Objectives:

- 1) Participants will list 3 strategies for modifying seating/positioning for better access to AAC.
- 2) Participants will describe 3 ways they can collaborate with key stakeholders.
- 3) Participants will define 2 types of alternative access methods.
- 4) Participants will provide 1 strategy to target each of the 4 communicative competencies.

Time Ordered Agenda:

Time Ordered Agenda: September 28, 2023

* These sessions will be conducted in person and live streamed one time for virtual participants.

Start Time	End Time	Duration	Topic
