

NEW option to record your attendance and claim your CE at NCH - Via text message!

How do you text your attendance?

A distinct code will be provided for each activity by the activity coordinator. Use the code and text your attendance {20 minutes prior to the meeting, during the activity, or 20 minutes after the meeting}.

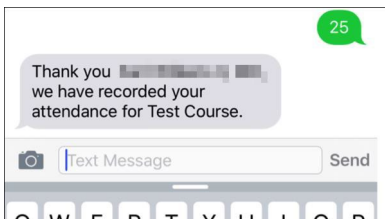

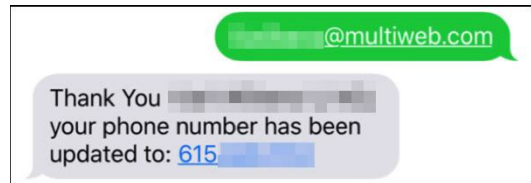

NOTE: You must have an account in the new CE tracking system, CloudCME. Not sure if you have an account? Try text to attendance – if you don't the system will tell you!

If you do not have an account, create one here:

<https://nationwidechildrens.cloud-cme.com/default.aspx>

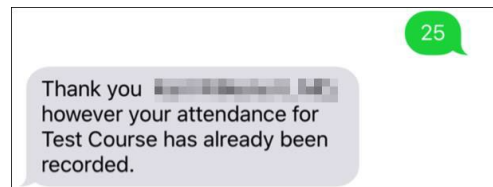

1. The first time you text your attendance you must pair your mobile number to your CloudCME account. To do this, just text your NCH email address to (844) 980-3318 ([See demonstration](#)). You will receive a text notification indicating your phone number has been paired. This is a one-time operation.

If you do not have an NCH email, use your primary email address.

2. Once your account is paired to your mobile number, text the activity code to (844) 980-3318. You will receive a text verifying your attendance has been recorded.

NOTE: You can only record attendance once to an activity. If you try to record your attendance an additional time, you will this receive message.

Some CE activities will continue to use a sign-in sheet or badge scanning: If you do not receive an activity code, check-in with the activity coordinator to sign or scan-in to record your attendance manually.

If you receive an error message when you try to pair your phone, you might need to contact your carrier to request access to allow you to pair with us.
